Accessories

Sloping Top

Sloping tops prevent the buildup of dust and dirt.

Sloping Top

Height Adjustable Feet

Adjustable feet offer compensation for uneven floors, ensuring stable positioning.

Numbering

ABS Lockers can be equipped with numbers to help users easily identify their locker.

Numbering

Hanging Rail

Hanging rails are available to install inside the locker compartment for hanging storage. They provide a practical solution for keeping uniforms, jackets, or bags neat and wrinkle-free.

Hang Rail

Additional Shelf

Additional shelves are available to add storage space within each tier. These shelves help separate personal items, improving organisation and maximising vertical space.

Additional Shelf

Ventilation Hole Cover

Ventilation holes allow the locker to aerate, preventing stagnation and the build-up of smells. Proper airflow promotes hygiene and keeps stored items fresh.

Ventilation Hole Cover

Accessories

Locker Seat and Stand

The Locker Seat and Stand is the perfect solution to give your locker units more functionality.

Locker Stand

The locker stand elevates the locker off the ground for easy access and cleaning underneath. It adds a layer of protection from floor spills or debris in busy environments.

Island Bench

Specifically designed to coordinate with Lockers, Seats, and Stands, the Island Bench gives the user additional off floor storage as well as a practical and robust seating option.

Certifications and Sustainability Features

Manufactured for Disassembly

This product has been designed for disassembly which allows it to be easily taken apart at end-of-life for reuse, repair, or recycling. This innovative design philosophy not only prolongs product usability but also simplifies waste diversion, lowers environmental impact, and reflects modern principles of circular design.

Made with ABS Plastic

ABS plastic (Acrylonitrile Butadiene Styrene) combines strength, impact resistance, and lightweight versatility, making it ideal for durable, long-lasting products. It is recyclable and supports sustainable manufacturing by reducing waste and extending product life cycles. Its durability also lessens the need for frequent replacements, contributing to lower environmental impact over time.

Australian Trusted Trader

OLP is an accredited Australian Trusted Trader, recognised by the Australian Government for our secure and compliant international trade operations. This accreditation signifies our commitment to ethical sourcing, customs compliance, and risk management allowing us to build stronger partnerships and deliver more efficient, transparent supply chains.

APCO

OLP is a member of the Australian Packaging Covenant Organisation. OLP is committed to reducing the environmental impact of our packaging. We use packaging that prioritises recyclability, and avoids excess plastic and other materials.

Sedex

OLP is a registered supplier in the Sedex Ethical Sourcing Platform. OLP is committed to improving ethical, social and environmental standards at every step of our supply chain. **Reference No. ZC1011847**

ISO 9001:2015 – Quality Management System

OLP has a Quality Management System (QMS) that focuses on continuous improvement in customer service to our clients, including the delivery of quality products and services that are manufactured and provided to the highest industry standards. By following our QMS we are able to control the quality of all products that we distribute regardless if they are custom one-offs or our standard range.

ISO 14001:2015 – Environmental Management System

OLP's Environmental Management System (EMS) gives us the ability to identify better allocations of our "resource, waste and energy management" minimising our environmental footprint. The focus on providing an eco-friendly environment has significantly reduced our environmental impact and subsequently our entire networks impact, with the hope that it continues to reduce going forward into the future.

ISO 45001:2018 – Occupational Health & Safety

OLP has adopted international best practices in our systematic approach to health and safety management, by focusing on a proactive approach rather than reactive controls. From this structure it is easy to see that OLP has a rigorous OHS policy and management system in place to protect the health and safety of our employees and visitors at all OLP facilities and sites.

Product Stewardship

OLP embraces product stewardship by taking responsibility for the entire lifecycle of our products, from design and manufacturing to use and end-of-life. We implement take-back schemes, offer recycling support, and partner with industry programmes to ensure products are disposed of sustainably. This commitment reduces landfill waste and promotes responsible resource use.

Customer satisfaction is an imperative component of the comprehensive service that OLP provides. OLP strives to meet objectives and deliver products and services to meet our customer's needs.

OLP also endeavours to provide a better product and ongoing service, to do this we follow our ISO 9001:2015 certified quality management system.

Business Development Managers

We are represented in every state of Australia and New Zealand. If you wish to get in touch with us, please contact your local sales representative.
